

Bernd Janzen

GRC Analyst | Governance, Risk & Compliance | Security Operations

Berlin, Germany | bernd.janzen@proton.me | linkedin.com/in/bernd-janzen | manjou.github.io

SUMMARY

GRC Analyst with hands-on experience building GDPR and EU AI Act compliance frameworks at Panos.ai. CompTIA Security+ certified, completed Masterschool cybersecurity training (May 2025 – Jul 2026). Native German speaker, Berlin.

EXPERIENCE

Panos.ai – GRC / Compliance Intern

May 2026 – Jul 2026 | Remote

- Built the EU AI Act and GDPR compliance baseline for an AI startup: risk classification, GPAI documentation, RoPA, and core policies (retention, breach, DSR)
- Mapped 47 compliance data elements across NIST CSF, GDPR, and EU AI Act – source system, owner, and automation status per element
- Extracted GCP asset inventory using Python and Cloud Asset Inventory API (133 resources), mapped to NIST CSF ID.AM schema
- Managed compliance review workflow in Linear; used confirmed/assumed/open evidence markers to separate verified facts from drafts

Octopus Energy – Customer Service Specialist

Oct 2024 – Apr 2025 | Berlin

- Handled 50+ structured cases daily in an audit-logged system, maintaining procedural compliance

Enpal Sales Enablement GmbH – Kundendaten-Manager

Sep 2022 – Feb 2023 | Berlin

- Verified land registry documents and Power of Attorney cases in Salesforce, ensuring data accuracy across government source systems

Sterntal e.V. – Operations Coordinator

Sep 2018 – Aug 2022 | Berlin

- Ensured HACCP compliance through structured monitoring
- Implemented POS system; ran daily financial reconciliation

PROJECTS

GCP Compliance Automation (Panos.ai, 2026) – Python, GCP Cloud Asset Inventory API. 133 resources extracted and mapped to NIST CSF ID.AM schema.

GDPR Semantic Search RAG Pipeline (Personal, 2026) – Flask, pgvector, Vertex AI, Cloud SQL. 16 GDPR articles embedded with semantic search.

Aurora AI Security Capstone (Mar – Apr 2026) – pfSense, Wazuh SIEM, Active Directory. Dual-site network, 13 VLANs, GRC documentation aligned to NIST CSF 2.0, GDPR, NIS2.

SKILLS

Compliance & Governance: NIST CSF 2.0, GDPR, EU AI Act, ISO 27001 (foundational), BSI IT-Grundschutz (foundational), OWASP

Security Tools: Splunk, Wazuh SIEM, Wireshark, Nmap

Cloud: GCP (Cloud Asset Inventory, Vertex AI, Cloud SQL), AWS/Azure (basics)

Programming: Python, JavaScript

Languages: German (native), English (professional working proficiency), Italian (limited)

CERTIFICATIONS

CompTIA Security+ (Jan 2026) | Google IT Support Professional Certificate (Oct 2025) | Google Cybersecurity Professional Certificate (Jun 2026) | Eramba Risk & Compliance Management (May 2026)

EDUCATION

Masterschool – Cybersecurity Training Program | May 2025 – Jul 2026

CareerFoundry – Full-Stack Web Development | Aug 2023 – Apr 2024

IHK Berlin – EDV-Kaufmann / Data Processing Merchant | Jul 1993
