

Bernd Janzen

Cybersecurity Analyst | GRC & Security Operations

Berlin, Germany bernd.janzen@proton.me

Summary

Entry-level GRC and Cybersecurity Analyst. Currently completing a GRC-focused internship at [Panos.ai](#), mapping GDPR and EU AI Act requirements to compliance controls and supporting NIST CSF documentation for small businesses. Security+ certified, with a security-operations foundation (Splunk, Wireshark, Nmap) built through the Masterschool program and lab projects. Background includes a full-stack web development bootcamp and prior roles in customer service and operations. Native German speaker targeting GRC and security operations in the DACH region.

Education

Masterschool

Cybersecurity Training Program

May 2025 - Jun 2026

Training Program

- Established foundational knowledge in core IT, networking, and security concepts to inform system defense strategy.
- Applied skills in hands-on labs: vulnerability assessment, log analysis, and incident response using Wireshark, Splunk, and Nmap.
- Studied compliance and governance frameworks including NIST CSF, GDPR, EU AI Act and ISO 27001.

CareerFoundry

Full-Stack WEB-Development

Aug 2023 - Apr 2024

Bootcamp

Projects

Aurora AI Security GmbH

Network & Security Capstone Project

Mar - Apr 2026

- Designed a dual-site enterprise network with 13 VLANs, VPN connectivity, and firewall/ACL segmentation.
- Built a virtualized security lab using pfSense, Wazuh SIEM, Kali Linux, and Windows Server 2022 (Active Directory, HashiCorp Vault).
- Created GRC documentation and STRIDE threat models aligned with NIST CSF 2.0, GDPR, NIS2, and IT-SiG 2.0.
- Validated the setup through red team/blue team simulation, vulnerability assessment, and incident response playbooks.

Movie Database Application

[GitHub](#)

Nov 2023 - Jan 2024

Full-stack application with secure RESTful API (Node.js, Express, MongoDB, JWT authentication) and React frontend, demonstrating secure authentication flows and API integration principles.

Experience

Panos.ai

Cybersecurity Engineer Intern

<https://panos.ai/de>

May 2026 - present

remote

- Mapped GDPR and EU AI Act requirements to internal compliance controls for low-risk AI use cases.
- Supported NIST CSF / SP 1300 mapping for small businesses to improve security governance.
- Contributed to cloud asset inventory automation across AWS, Azure, and Google Cloud environments.

Octopus Energy

Customer Service Specialist

Oct 2024 - Apr 2025

Berlin

- Handled 50+ structured cases daily in an audit-logged system environment, executing account-level updates with precision while maintaining procedural compliance and accountability.

ENPAL Sales Enablement GmbH

Backgroundcheck

Sep 2022 - Feb 2023

Berlin

- Managed 80+ daily floor plan creations and 50+ land registry evaluations, ensuring accurate property verification and compliant documentation handling within defined operational procedures.
- Performed high-volume property documentation reviews, including land registry analysis and Power of Attorney verification, ensuring data accuracy and procedural compliance.

Sterntal e.V.

Operations Coordinator

Sep 2018 - Aug 2022

Berlin

- Developed and managed café operations, ensuring efficient high-volume service and HACCP compliance through structured monitoring and documentation.
- Implemented POS system and conducted daily financial reconciliation, identifying discrepancies and coordinating with accounting.
- Trained and supervised a diverse team, including employees with disabilities, while optimizing operational workflows and communication.

Profiles

[TryHackMe](#)

[Portfolio](#)

Technical Skills

Security & Monitoring

- SIEM (Splunk & Wazuh basics, log analysis, alert investigation)
- Wireshark (packet inspection)
- Nmap (network scanning & enumeration)
- Snort (IDS fundamentals)

Compliance & Security Frameworks

- NIST CSF 2.0
- EU AI Act
- GDPR
- ISO 27001
- BSI IT-Grundschutz
- OWASP

Networking

- TCP/IP, DHCP, DNS, HTTP/S, Firewalls, VPN fundamentals, Packet Tracer

Programming

- Python (basic scripting for parsing and automation)
- JavaScript
